THE MAGIC EYES... OF CHIROPRACTIC (PALMER METHOD) With great pride I wish to announce the installation in my office of one of the latest and most scientific nerve-testing instruments known today for accurate spinal examination. When a slipped vertebra or slipped disk causes a spinal nerve to be pinched, an immediate warning signal is sent out in the form of a tiny heat wave which can now be picked up thermally and measured. THE MAGIC EYE OF SCIENCE shows exactly where the spine is out of order so the correction can be made. This is done without surgery or injection of any kind. Many sufferers of nervous disorders, back pains, sacroiliac strain, sciatica, arthritis, neuralgia, headaches, dizziness, high blood pressure, gastric upsets etc., are once again restored to health and usefulness. You are cordially invited to come in for a Free demonstration and this latest checkup, plus an up-to-the-minute report on your spine and nervous system. Why suffer another day? DR. J. P. DOCTOR HUNT asks HOW DO You? FEEL? The natural health and vigor of EVERY ONE of the millions of cells in the human body depends upon the smooth flow of NERVE FORCE! And it is the NERVOUS SYSTEM alone that contains this vital energy! A PINCHED NERVE somewhere among the movable spinal joints causes sickness—first, weakness in the part of the body it serves, then disease and suffering. This pressure MUST be removed before complete health will return—and ONLY CHIROPRACTIC CAN DO IT! Specializing in the specific adjustment of the cause of disease.
