extension telephones now available for your home

For just pennies a day you can enjoy the convenience of an extra telephone. Extensions are handy so many places. In the breakfast nook or basement... in bedrooms; the den, or garage... in any part of your home where you spend a lot of time, an extension is a time-saver and step-saver. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities. To order your extension, just call your Pacific Telephone Business Office.
