TO PAINT SCREENS
To paint a screen, or cover it
with insect repellent, fasten a
piece of old carpet to a block of
wood. By using this implement in-
stead of a brush, you will save
lots of time and avoid lots of
splattering.
Would you like to get your
share of business from customers
in your neighborhood? Then why
not advertise in the Classified
Telephone Directory? Simply call
the Business Office of the tele-
phone company and ask for the
Directory Advertising Representa-
tive. He will help you plan a
sales-building message.
Incidentally
Prompt answering of a
telephone ring is thought-
ful, courteous — and good
business.
