For full use of your telephone,
please keep your instrument
"hung up"—ready for service.

TO GLUE FURNITURE
In gluing a loose furniture joint,
remember that glue doesn't provide
strength in filling an open
space, so first put a strip of thin
cotton cloth over the piece that
fits into the mortise. Then do the
gluing, tie the joint firmly together
and let it set for 24 hours.

Party Line Pointers:
1. Space your calls instead of
making a whole series.
2. If yours is an emergency call
and the line is in use, explain
the circumstances to the person
using the line.
3. If you are calling from a dial
telephone always make certain
the line is clear before you dial.
4. When the children use the tele-
phone, ask them to be con-
siderate, too.
5. Replace the receiver properly
when you finish your call.

Don't forget to plan for con-
cealed telephone conduit and
convenient locations for tele-
phone outlets when you build
your new home. These built-in
telephone facilities add real value
to a home, yet their cost is very
small if they are installed during
construction.
