TO PAINT SCREENS
To paint a screen, or cover it
with insect repellent, fasten a
piece of old carpet to a block of
wood. By using this implement in-
stead of a brush, you will save
lots of time and avoid lots of
splattering.

Party Line Pointers:
1. Space your calls instead of
making a whole series.
2. If yours is an emergency call
and the line is in use, explain
the circumstances to the person
using the line.
3. If you are calling from a dial
telephone always make certain
the line is clear before you dial.
4. When the children use the tele-
phone, ask them to be con-
siderate, too.
5. Replace the receiver properly
when you finish your call.

When you are
through talking on
the telephone, always
see that you place the
receiver back on the
hook. Otherwise you
may miss an impor-
tant call.

To make a small grate or stove
fire, or to kindle a big one, use
old newspapers which have been
rolled up tightly, soaked over-
night in water, squeezed out
and allowed to dry for several
days. The tighter they are
squeezed, the better firewood
they make.
