TO REPAIR LINOLEUM
If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

HOTPOINT LAUNDRY EQUIPMENT

Enjoy washday with Hotpoint's Automatic Laundry. Separate washing cycles for dainty or regular fabrics... WOND-R-DIAL control. Automatic Dryer eliminates lint, heat and moisture... no venting. See Hotpoint's complete appliance line.
