NEWSPAPER FIREWOOD
To make a small grate or stove
fire, or to kindle a big one, use
old newspapers which have been
rolled up tightly, soaked over-
night in water, squeezed out
and allowed to dry for several
days. The tighter they are
squeezed, the better firewood
they make.

A handy man for any job --
The Yellow Pages tell you where to reach him quickly - plumber - carpenter - dry cleaner - paperhanger - and hundreds of other workmen, stores and services.
