STOP THOSE SPOTS
To prevent old oil or grease spots on walls from "leading" through onto new wallpaper apply a coat of clear shellac before papering.

EXPLOSION IN OVEN
If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

When in doubt about a telephone number, please look in the telephone directory first. That helps you, helps others, and helps telephone people to do a better job for you.
