Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

The Yellow Pages tell you where to reach him quickly—plumber—carpenter—dry cleaner—paperhanger—and hundreds of other workmen, stores and services.

**PLEASE LISTEN FOR THE DIAL TONE BEFORE DIALING**

*That "dial tone," a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number please."*
