Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

KEEP LIGHT FROM MILK
 Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.
