Party Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

"Finding it Fast in the YELLOW PAGES" is a national habit. Purchasing agents, production men and engineers as well as housewives refer to the YELLOW PAGES when they are ready to buy.

PLEASE LISTEN
for the DIAL TONE
BEFORE DIALING

That "dial tone", a steady hum, is the signal that the equipment is ready to receive a call. It corresponds to an operator's "Number, please?"

An extension telephone saves time and steps.

1. Look up the number in the latest directory. Write it down.
2. Listen for dial tone.
3. Dial carefully.
4. Wait a minute before you decide your party isn't home.
