Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear before you dial.
- Ask your youngsters to be considerate, too.

*Always keep Receiver On the HOOK*

When you are through talking on the telephone, always see that you place the receiver back on the hook. Otherwise you may miss an important call.

### TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Two friendly telephone habits: ANSWER QUICKLY when your bell rings; HANG UP SLOWLY when you have finished your call or your party doesn't answer. In calling others, remember the called person may be almost there—so wait a few seconds longer.
