The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through."

Good party-line neighbors are considerate party-line users. Remember these golden rules:
• Space your calls instead of making several without a break.
• Talk only as long as necessary on each call.
• When you finish talking replace the receiver promptly.
• Make certain, if you are using a dial telephone, that the line is clear before you dial.
• Ask your youngsters to be considerate, too.

TO GLUE FURNITURE
In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

OILED ICE TRAYS
Rub salad oil or cooking oil on the outsides of ice trays before you put the trays in the freezer. When you want a tray of ice, it will slide right out.
