**Party Line Pointers:**

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Behind on orders? Let handy **YELLOW PAGES** introduce the suppliers you need. It's fast—convenient. Wise buyers say there's nothing like the **YELLOW PAGES** of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try the **YELLOW PAGES** once... you'll use it often.

**TO REPAIR LINOLEUM**  
If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

**CURTAIN ROD GUIDE**  
Thimble on end of rod guides it smoothly into the hem without catching or tearing.
