TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Good party-line neighbors are considerate party-line users. Remember these golden rules:
• Space your calls instead of making several without a break.
• Talk only as long as necessary on each call.
• When you finish talking replace the receiver properly.
• Make certain, if you are using a dial telephone, that the line is clear before you dial.
• Ask your youngsters to be considerate, too.

In these busy days when saving time is so important, more and more telephone users are following the thoughtful way of answering the telephone: "Harry Smith speaking." Such an introduction establishes identity, saves time and makes a good impression.

A conference table 3,000 miles long

When you need to talk things over with several people in different cities at the same time, it's easy and fast with a Long Distance Conference Call. You can exchange ideas, clear up questions, reach decisions quickly... without leaving your desk! Try a conference call next time you want to talk to several out of town business contacts. Just tell the Long Distance Operator you want to make a Conference Call. Long Distance doesn't cost—it pays!

When You Have No Idea "WHERE TO BUY IT"
You may be a newcomer or perhaps you've never had the need for a certain product or service. In either case
