HOW TO DIAL LOCAL CALLS

Be sure you hear the Dial Tone. Then dial the telephone number **ONLY**.

Ringing Signal

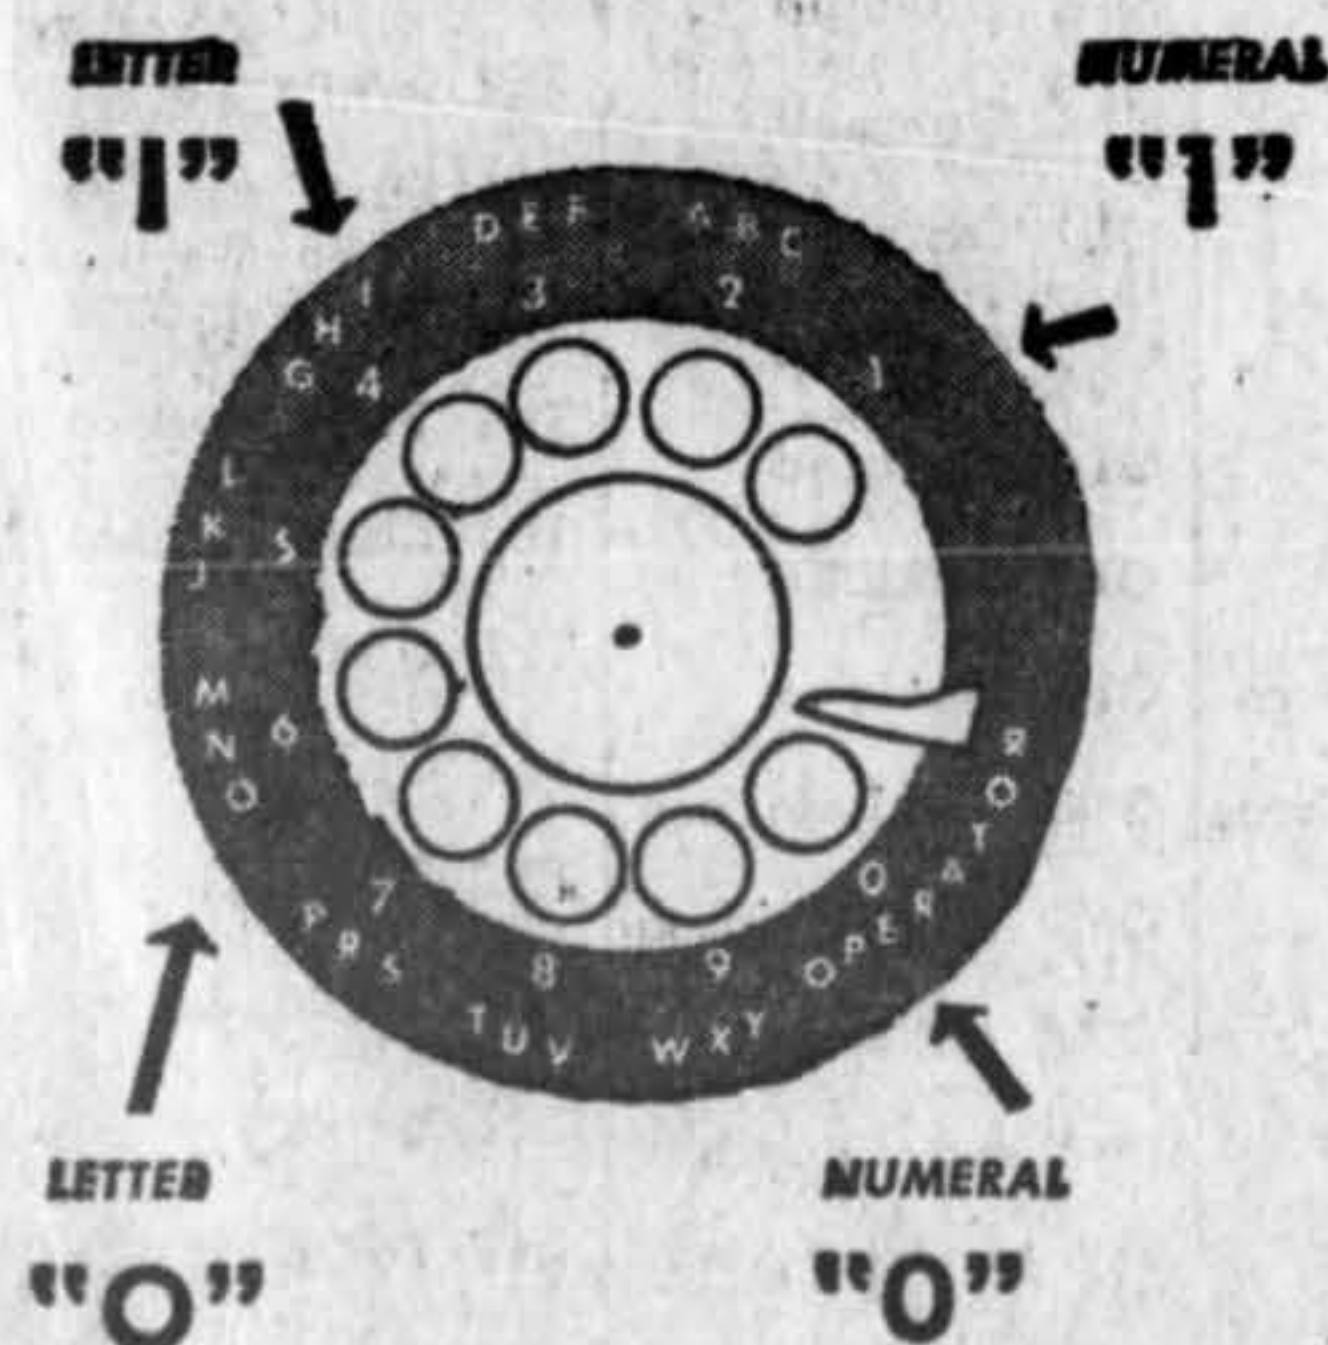

A soft "burr-r-ring" repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer—about 10 rings—before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the line you called is in use. Hang up and call again later.

Letters "I" and "O"—Numerals "1" and "0"

Please be careful not to confuse the letters "I" and "O" with the numerals "1" and "0" when dialing.

If You Reach a Wrong Number in Another City

—dial "Operator" immediately and tell her, if possible, what city you reached so you will not be billed for the call.

Calling Another Party on Your Line

If you always hear a busy signal when calling a certain local number it may be that the number is on your party line. To find out if it is and how to complete your call dial 611. (Repair Service).

Your Telephone Operator

Your Operator is always ready to help you with calls you cannot dial, in any difficulty you may encounter and IN EMERGENCIES. To reach her just dial "OPERATOR."
