

# MESSAGE UNIT SERVICE

Station-to-station calls to points shown on the map, page 11, are billed as message units. The number of message units per call depends on how far you call and how long you talk.

Message units are totalled and appear as one item on your bill. The rate for each message unit is 4 1/4c plus Federal Tax. This is cheaper than for calls billed separately.

On calls from coin telephones, hotel private branch exchange and business foreign exchange services the rate for each message unit is 5c.

If an itemized bill is desired on any call made outside of your local calling area, but within the message unit calling area, such call should be placed with the Operator by dialing "0" and asking her to place the call as a station toll call. The charge for such a call will be at regular long distance rates, which are generally higher than message unit rates.

Regular monthly itemization of all message unit calls, except local calls, may be obtained for a small additional charge. Call the Business Office for details.

If an itemized bill is desired on any call, made outside of your local calling area, but within the message unit calling area, such call should be placed with the Operator by dialing "0" and asking her to place the call as a station toll call. The charge for such a call will be at regular long distance rates, which are generally higher than message unit rates.  
Regular monthly itemization of all message unit calls, except local calls, may be obtained for a small additional charge. Call the Business Office for details.
