TO GLUE FURNITURE

In gluing a loose furniture joint,
remember that glue doesn't pro-
vide strength in filling an open
space, so first put a strip of thin
cotton cloth over the piece that fits
into the mortise. Then do the glu-
ing, tie the joint firmly together
and let it set for 24 hours.

As one friend TO ANOTHER

Please speak distinctly, when you telephone,
with lips close to the mouthpiece. It is just as
important to talk directly into the transmitter
as it is to keep your ear close to the receiver.

The Pacific Telephone and Telegraph Company
