## SAFEWAY DRIVING SCHOOL

Saves You 1000's of Dollars  
By Insuring You of a Lifetime of  
Safe and Economical Driving

Two things determine how many lessons you will need to pass the Driver's License Road Test. One is your ability to learn; the other is the instructor's ability to teach.

A good driving instructor can teach you in half the time it would take with another instructor. If you have any doubt as to how you should learn to drive: just ask the most intelligent person you know. He will enthusiastically recommend professional driving instruction.
