Two friendly telephone habits:
ANSWER QUICKLY when your bell rings; **HANG UP SLOWLY** when you have finished your call or your party doesn't answer. In calling others, remember the called person may be almost there—wait a few seconds longer.

Party Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

ANY TIME

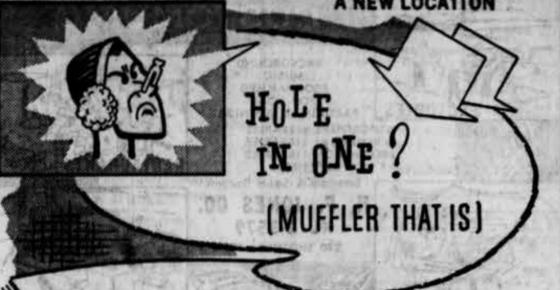

When things happen unexpectedly—the demand for promptness of service is urgent. You'll find firms who render 24-hour service listed in the

YELLOW PAGES

As one friend TO ANOTHER

Please speak distinctly, when you telephone, with lips close to the mouthpiece. It is just as important to talk directly into the transmitter as it is to keep your ear close to the receiver.
