\* Local Call. 1 Message Unit for each call from Message Rate Telephones. No charge from Flat Rate Telephones. From coin telephones and noncoin semipublic telephones, the charge is 10c.  
† Billed as Long Distance calls—not message units.

If an itemized bill is desired on any call made outside of your local calling area, but within the message unit calling area, such call should be placed with the Operator by dialing "0" and asking her to place the call as a station toll call. The charge for such a call will be at regular long distance rates, which are generally higher than message unit rates. Regular monthly itemization of all Message Unit calls, except local calls, may be obtained for a small additional charge. Call the Business Office for details.

**DIRECT DISTANCE DIALING**

You can dial station-to-station Long Distance calls direct from all San Francisco telephones. The U. S. and Canada are divided into telephone calling areas, each with its own three-digit Area Code. The Area Code for the Bay Area is 415. When calling within your own area, no Area Code is needed. But, to place a call from one area to another, an Area Code is used. For example: If you live in Calling Area 415 (see map) and want to call someone in Sacramento, just dial Area Code 916 and then your party's telephone number (see pages 12-15).

**EXPANDED DIRECT DISTANCE DIALING**

You can dial person-to-person, collect and credit card Long Distance calls direct, if your telephone number begins with one of the following prefixes:

|     |     |     |     |     |     |     |
|-----|-----|-----|-----|-----|-----|-----|

| 387 | 557 | 587 |     |     |     |     |

This new service will be available later to other San Francisco prefixes not shown above.

To dial person-to-person, collect and credit card calls—

First dial "0" (Operator) followed immediately by the Area Code (if needed) and the number.

The Operator will come on the line momentarily. (On a person-to-person call give her the name of the person you want.)

YOU CAN DIAL ALL YOUR LONG DISTANCE CALLS FROM ALL PAY TELEPHONES IN SAN FRANCISCO.

**PACIFIC OCEAN TELEPHONE CALLING AREAS**

If you reach a wrong number, ask the person who answers for the name of his city. Then dial the Operator immediately and give her this information so you won't be charged for the call.
