

**Make sure that the telephone figures in your plans.**

Building or remodeling? Include concealed telephone wiring in your plans. Telephones can then be added later, at a number of locations without the wires showing. Just call your Service Representative at the Telephone Business Office and ask about Telephone Planning Service.

**Why put up with phone numbers scribbled on scraps of paper? Let us send you a Personal Telephone Directory free.**

Just call a Service Representative at your Telephone Business Office and ask for a Personal Telephone Directory. She'll gladly send it.

Your Personal Telephone Directory has space for names, addresses, Area Codes, personal and emergency numbers. It's a handy way to keep frequently called numbers at your fingertips. And if you want more than one, just let us know. We will be happy to send them to you.
