

types of calls

Station

Place a station call if you'll talk with anyone who answers. You can dial most of these calls direct. Rates are lower than person calls and charging begins when the called telephone is answered (see pages 12 & 13).

Person

Place a person call when you wish to talk to a particular person or extension phone. From San Francisco telephones, you can dial most of these calls direct. See opposite page.

Collect, Credit Card and Calls Charged to Another Number

You can call "collect" if the person or firm you are calling agrees to pay the charge. You can also charge a call to a credit card number or another telephone number. From San Francisco telephones, you can dial most of these calls direct. See opposite page.

Conference

You can talk with several people in different places at the same time. Dial the "OPERATOR" and tell her you wish to make a conference call.

Mobile and Marine Service

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service. Dial Operator and ask for the Mobile Service Operator, or the Marine Operator.

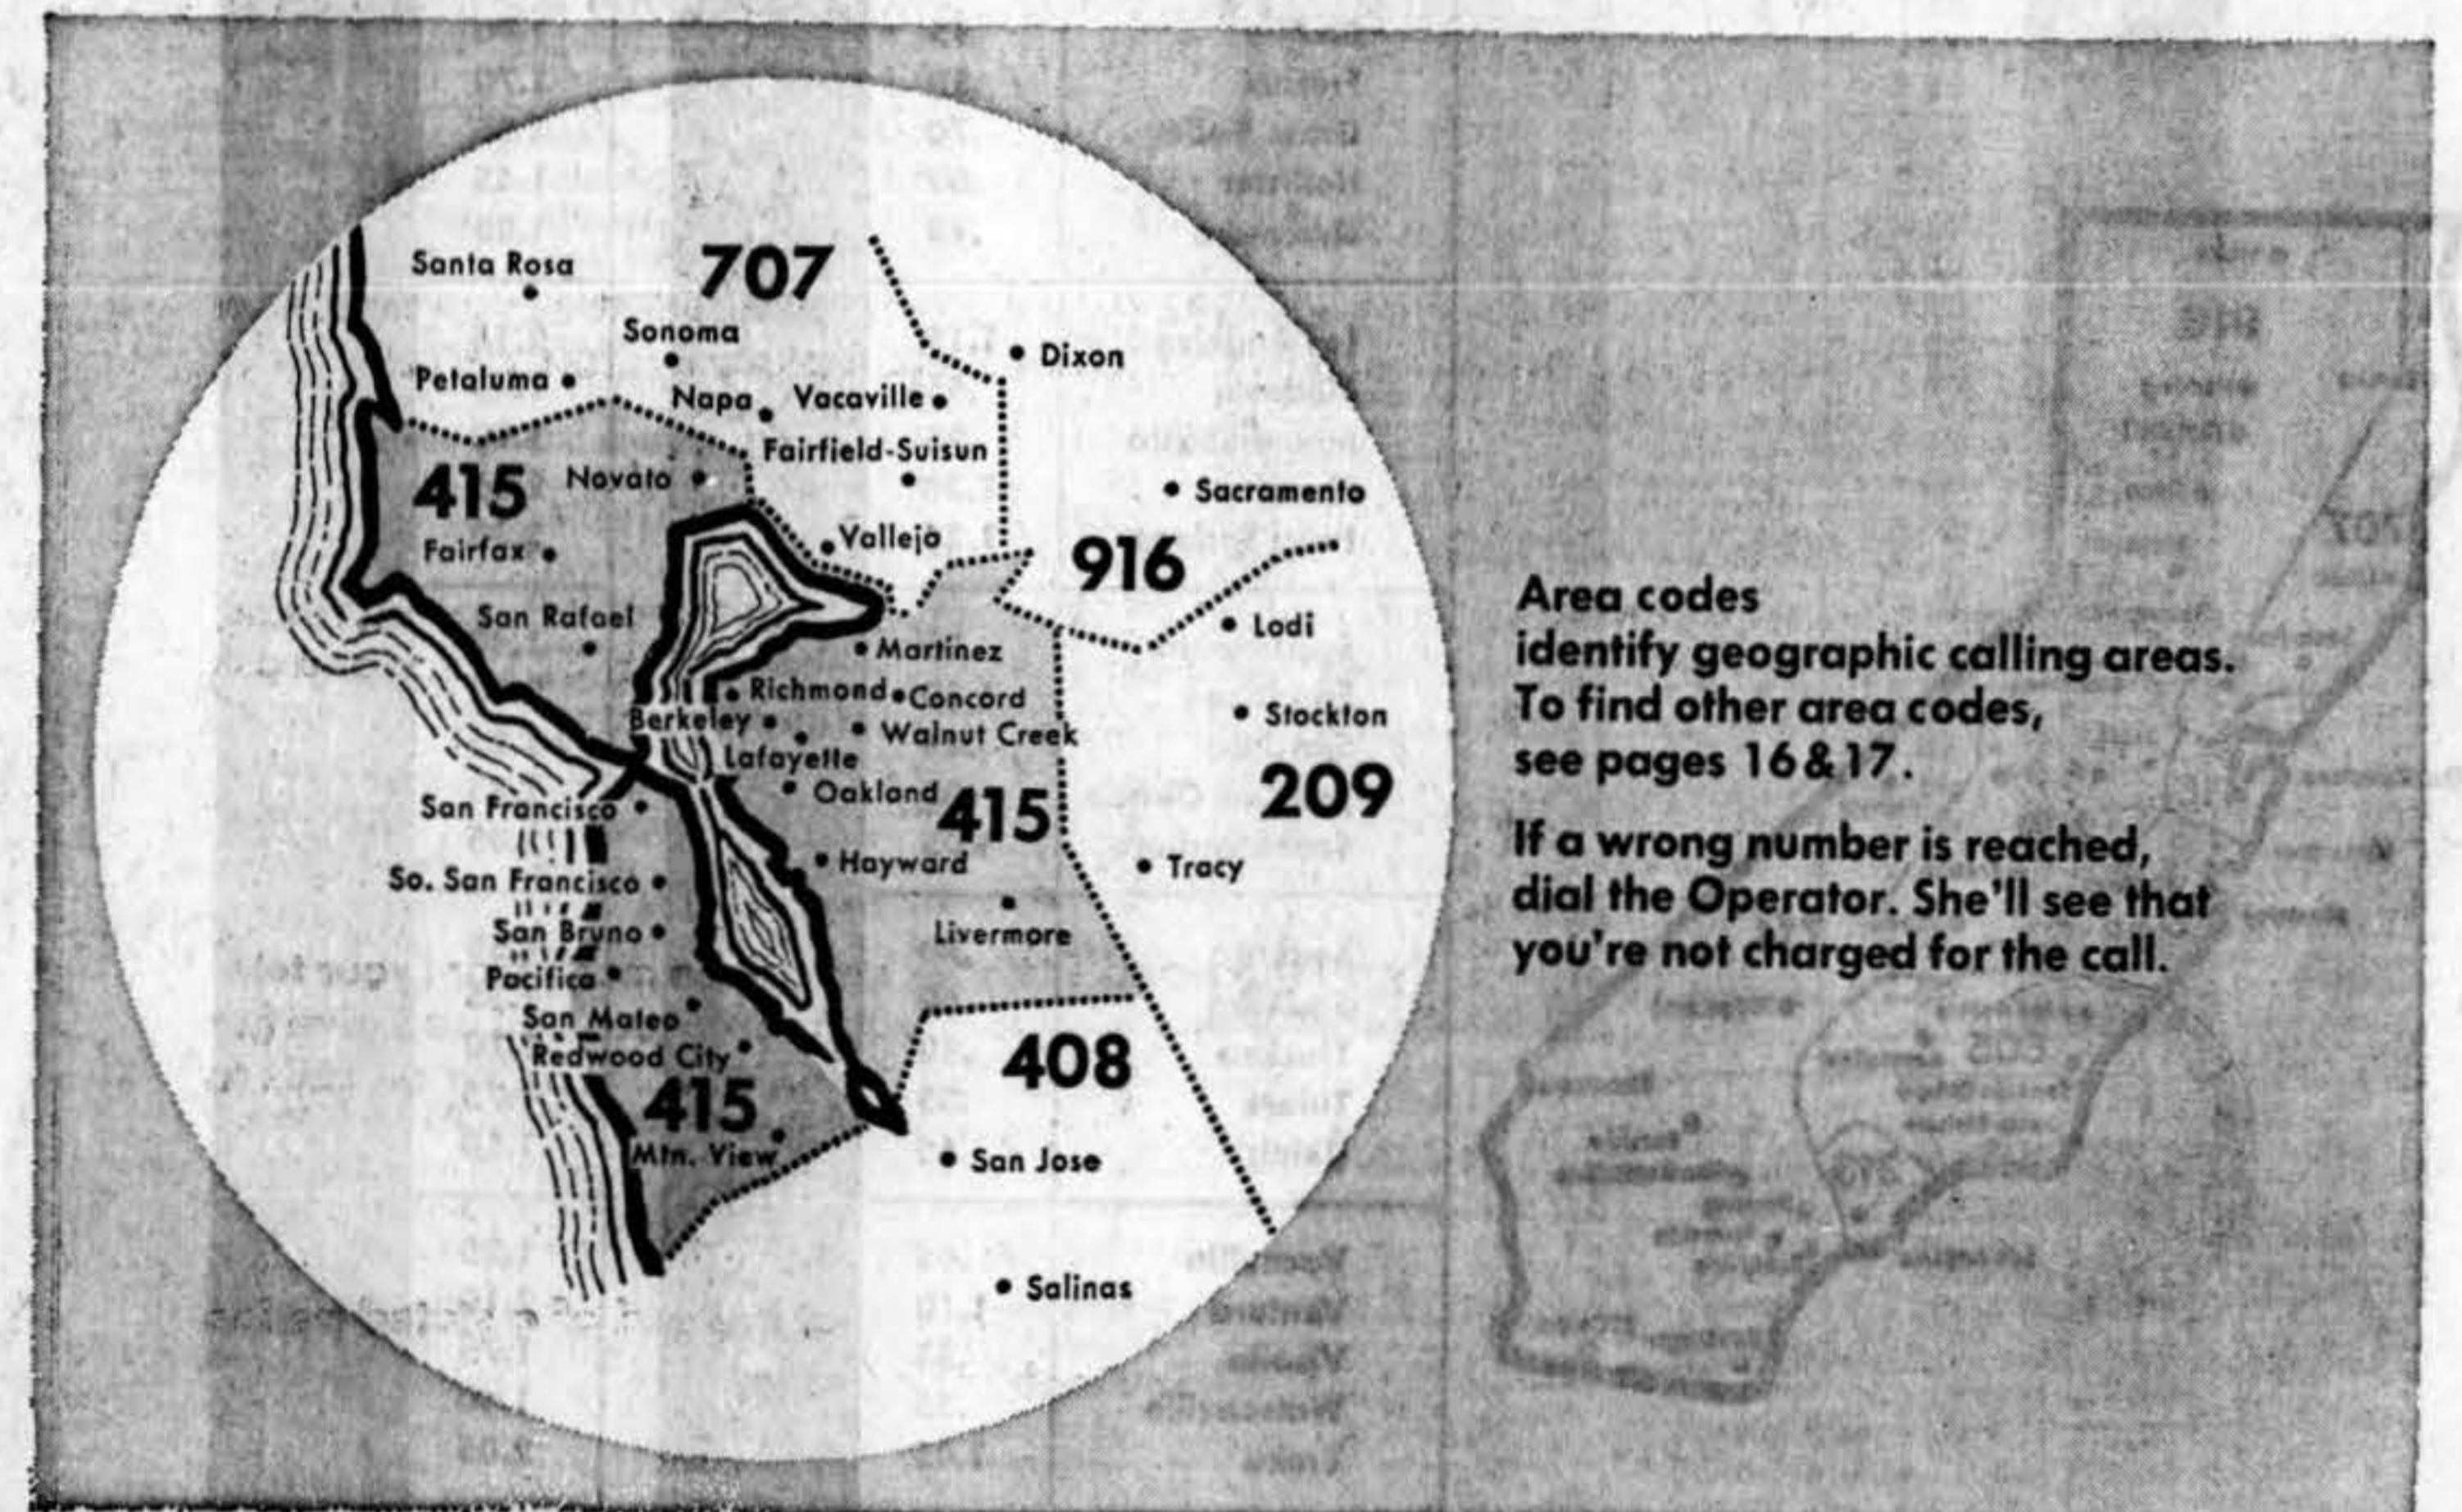

Overseas

Calls to practically all the world's telephones can be made from your telephone. Tell the Operator you wish to place an overseas call and give her the name of the country you are calling. Reduced rates apply on calls to many countries during certain hours and on Sunday.

Upon request the Operator will notify you at the end of a stated period of time on Long Distance Operator handled calls.
